

EPA/DHA GUARD

PERQUE EPA/DHA GUARD™:

HEALTHY OIL REBUILDS IMMUNE DEFENSES,
PROTECTS FROM INFECTION AND IMPROVES
BRAIN FUNCTION & CELL COMMUNICATION

WHY YOU NEED ESSENTIAL OILS FROM PERQUE EPA/DHA GUARD

Some fat is good and in fact is essential for optimal health. **PERQUE EPA/DHA Guard** contains the best balance of Omega-3 essential fatty acids (EFAs) with the beneficial and the most potent, highest available eicosapentanoic acid (EPA) / docosahexaenoic acid (DHA) combination. Distilled and nitrogen purged for purity and protection, **PERQUE EPA/DHA Guard** contains the essential oils you need.*

This is the philosophy and practice that has made **PERQUE** the gold standard of professionals across the country. Like many, you may associate fat with obesity and health risk. However, certain fats are required for healthy function; these are known as EFAs.

PERQUE EPA/DHA Guard is a blend of pure marine lipids derived from deep sea fish yielding a high level of Omega-3 EFAs: EPA and DHA. These brain and body building "good for you" lipids meet **PERQUE's** standards and bring the complicated issues of fat supplementation into one easy-to-use source. EFAs are essential because they can only be obtained from the diet. The body is unable to manufacture them even though they are required for critical chemical reactions in the body. The average American diet is too high in harmful fats, and therefore, it is also deficient in EFAs. Foods lose EFAs through processing, exposure to air (oxygen), oxidants, and toxins (from lead and mercury to peroxides and sulfites); therefore, deficiencies have become more the rule than the exception. Only **PERQUE EPA/DHA Guard** gives you the essential fats in one formula, and, as with all **PERQUE** products, its ingredients are of the highest action and purity.*

Omega-3 EFAs (including EPA and DHA) are required for cell membranes to achieve optimum fluidity as well as to have a correct balance between inflammatory and counter inflammatory hormones in the body. EFAs are the source of the body's potent prostaglandins, which are hormone-like substances that regulate many cardiovascular, reproductive, immune, hormonal, and nerve functions.* Considering its importance, it is not surprising that EFA deficiency is linked to many serious disease states, including:

- **Cardiovascular health.** Arteriosclerosis is characterized by a build-up of plaque in the arteries. Omega-3 fatty acids act as blood thinners, helping to reduce the clotting and aggregation associated with this disease. They play an important role in preventing and treating arteriosclerosis. Studies show that individuals with a diet high in Omega-3 fatty acids have significantly lower rates of heart disease. **PERQUE Mito Guard Plus** also improves cardiovascular function.*
- **Inflammatory / autoimmune diseases.** EFAs not only prevent atherosclerosis but possibly also reduce the risk of autoimmunity. EFAs can benefit patients with inflammatory diseases, such as asthma, arthritis, dermatitis, eczema, and psoriasis.
- **Premenstrual syndrome (PMS).** Deficiencies in EFAs have been associated with PMS. The anti-inflammatory effects of EFAs can relieve menstrual symptoms such as cramps, bloating, and nausea.*
- **Concentration and attention** [attention deficit disorder (ADD)/attention deficit hyperactivity disorder (ADHD)]. Deficits in EFAs cause nerve electrical irritability that reduce attention span and decrease ability to concentrate.*

MAX EPA + MAX DHA
CHANGE AMERICA'S OIL...
SAFELY & NATURALLY

TWO PERQUE SOFTGEL CAPSULES PROVIDE:

Energized Nutrients

Marine Lipid Oil.....	1650 mg.
EPA (Eicosapentaenoic Acid)	660 mg.
DHA (Docosahexaenoic Acid)	500 mg.
Gelatin	428 mg.
Lemon Oil	40 mg.
Purified Water	66 mg.
Glycerin.....	198 mg.

Typical Dosage

As a dietary supplement, take two (2) softgel capsules daily or as directed by your health professional.

Available in bottles of 60 and 120 softgels.

PERQUE EPA/DHA GUARD: A COMPLETE EFA FORMULA

Clearly, fatty acid supplementation can provide substantial health benefits. Scientific studies have associated an insufficient intake of Omega-3 EFAs with the following: depression, memory problems, low intelligence, learning disorders, dyslexia, attention deficit disorder, schizophrenia, dementia, irritability, poor vision, inattention, alcoholism, lack of concentration, hostility, aggression, and several degenerative neurologic diseases. Fortunately, **PERQUE EPA/DHA Guard** contains:

- EPA, which increases membrane fluidity nearly to the same degree as DHA and has also shown significant benefits for neurologic function.
- DHA is similar to EPA. DHA, a member of the Omega-3 family, converts to anti-inflammatory prostaglandins. Studies indicate that DHA is especially vital to growing or repairing brain and nerve cell function by restoring Omega-3 prostaglandins that repair (PGF2alpha and PGI)*. By far the most powerful EFA for enhancing membrane fluidity, it is the “king of Omega-3 EFAs for the brain”. It confers the highest degrees of membrane fluidity of all

the Omega-3 EFAs. It is so important for optimum brain function that in a healthy brain, 50% of the lipid content is in the form of DHA. DHA has a positive effect on diseases such as hypertension, arthritis, atherosclerosis, depression, adult-onset diabetes mellitus, myocardial infarction, thrombosis, and some cancers.

EPA AND DHA TOGETHER

EPA and DHA have been shown to reduce the tendency of blood to clot with protective effects for the entire cardiovascular system. In addition, Omega-3 EFAs may improve cholesterol fractions in the blood. Use of EPA and DHA has also been shown to enhance the function of the immune system. In a Japanese study, EPA and DHA together were found to be beneficial for children with asthma.

THE PERQUE GUARANTEE

Like every other **PERQUE** product, **EPA/DHA Guard** comes with a 100%, unconditional, money-back guarantee — the strongest guarantee in the natural health industry. This unique guarantee provides the assurance that:

- Every **PERQUE** product provides 100% potency and activity for its entire shelf life.
- Every ingredient used in a **PERQUE** product is pharmaceutical-grade or better.
- All **PERQUE** products dissolve rapidly (usually within 20 minutes), eliminating digestive irritation often found with other brands.
- Full label disclosure is provided for all **PERQUE** products — no hidden ingredients.
- Every **PERQUE** product is activated with the same transporters that are used by nature and in food to ensure full bioavailability. The biologically preferred form of an ingredient is always used for enhanced activity.
- Free of citrus, MSG, wheat/gluten, corn/zein/starch, dairy/casein/whey/milk derivatives, yeast, soy, sulfate, phosphates (other than coenzymes), and preservatives.
- No genetically modified organisms (GMOs).
- Unique post-production assays and clinical bioassays assure product integrity.

YOUR QUALITY ASSURANCE

Every **PERQUE** product is produced following or exceeding the FDA's pharmaceutical GMP (Good Manufacturing Practices) regulations.
